

Less Leg More Heart understands that those with disabilities need care with the **little things everyday**. We are here to support patients and their families throughout their entire disability journey physically, financially, and emotionally.

"I believe we rise by lifting others up."

Tina Hurley

Founder/CEO
Exercise Physiologist, nationally certified
Physician Assistant, amputee, nationally
recognized adaptive athlete and speaker

LESS LEG MORE HEART

Supporting the
disabled population
and their loved ones

**We help put the
ABLED in disABLED!**

OUR MISSION

Less Leg More Heart spreads hope, decreases suffering, and enhances viability within the disabled community.

OUR "WHY"

After over a dozen surgeries, founder Tina Hurley's life changed. She learned how to navigate life without a limb through community support and inner strength. As a medical professional and amputee, she hopes to inspire others to **thrive**, not just survive, through the mission of this charity.

Who We Are

A support advocacy system for people that have had a life-changing event that led to disability, from the point of injury and diagnosis through their life.

Who We Help

Amputees and their support system
